Shahedal Bari, Medical Director, University Hospitals of Morecambe Bay NHS Foundation Trust, said “On behalf of the Trust, I would like to say how sorry I am for the harm caused to this patient from the treatment he received.

“I sincerely hope that this financial settlement will go some way towards compensating him for what has happened.

“The Trust would like to express its very best wishes to him for the future

“Since this patient’s operation, we’ve done a lot of work to improve our Urology service. In 2016, we invited the Royal College of Surgeons to carry out a report into our Urology Department. We have invited an independent review of our service to make sure that we have made the necessary changes and that our service is as good as possible.”
